## Education

Gateway Education offer a learning environment that is as close to the real world as it gets. The learning goes beyond the classroom and students experience the reality of the working environment from the day one and the experience is clear from the outset. In order to do so, we exploit the synergies between the professional and academic approaches and there by ensure exceptional professional opportunities for our students.

When you enter our boundaries you will hear five different languages being spoken. The young men & women who make up the students body are different yet everyone feels at home.

We welcome passionate people and groom them to become successful professionals.

## **COLLEGE OF ARCHITECTURE AND DESIGN**

### **Architecture - A Glorious and Noble Profession**

Architecture as a profession has always been considered as the noblest of professions as it provides comfort, convenience and beauty for the performance of all human activities. All human activities are performed under Architectural creations be it the house, office, shop, club, hospital; even parks and roads are designed by architects for efficient use by all related activities. Architects are respected professionals and the hard working ones are financially well rewarded. There will always be a need for Architects as development cannot happen without physical construction. Young interested people will find this profession very satisfying both professionally and financially.

### **GCAD -The Background**

The Gateway College of Architecture and Design was initiated by the Gateway Education & Charitable Society in 2008.

This Society has as a partner, an architect who has a strong desire of providing to the young people, aspiring to lead a creative life of an architect a platform that is based idealistic but pragmatic thinking. The college is being guided by another architect who has vast experience in architectural education and believes in using contemporary teaching methods for effective education.

The Society has the long term plans of becoming a University offering a variety of undergraduate and post-graduate courses. The Society is presently running a successful, modern international school, besides an Engineering college and a Hotel Management Institute.

## **Course's Offered**

### **B.Architecture**

5 years programme with a present intake of 120 seats.

- Eligibility : Pass in NATA exam & 10+2 with mathematics.

### **GCAD Philosophy**

The basic philosophy of the Gateway College of Architecture and Design is to use the latest technology for creating an effective teaching environment but not making the learners slaves of technology. The college is working on principles that inculcate the use of hand, mind and machine in the world of architecture and design. Integration of the academic and residential spaces in the college building is designed to create a TECHNICAL GURUKUL where student teacher interaction happens perpetually through both information technology and face to face modes.

GCAD also believes the responsibility of the institute lies in not only producing efficient architects but also good citizens and has an extensive curricula of extra mural activities for this purpose.

### **GCAD Vision**

This College of Architecture and Design envisions the creation of well rounded personalities capable of producing meaningful architecture and design and become positive contributors to the Society and Nation. The College also sees itself as a forerunner in developing a new line of thinking in architectural education. Hence, its emphasis on extra mural activities and use of technology.

### **GCAD Mission**

Gateway College of Architecture and Design is headed toward the creation of a model school of architecture that others can emulate with ultimately an open access data base that makes it possible for students from anywhere to access the teaching material generated by the faculty.

### Gcad Approval & Affiliations

Gateway College of Architecture and Design is affiliated to :

- Deenbandhu Chhotu Ram University of Science and Technology, Murthal
- Council of Architecture

NATA test centre it also available at our campus.

### GCAD - Infrastructure

Gateway College of Architecture offers a unique facility of each student being able to work on a laptop which entails the provision of making charging points available to each student. With the wi-fi connectivity, students can access the internal server anytime, anywhere within the building. This access provides the facility of connecting the students and teachers on both the face to face and the electronic medium. The students can access learning material from the server, send their submissions to the server and check their grades and other records electronically. The college has substantive library available for long hours for students convenience

A fully equipped workshop provides the students a facility of making physical models of their designs besides making simulations on their laptops.

## INSTITUTE OF ENGINEERING & TECHNOLOGY

Approved by AICTE, New Delhi & Haryana Govt, Affiliated to Haryana State Technical University, DCRUST, Murthal

### **Our Philosophy**

Presently, the yuga, in which the mankind is living is the yuga of machines, the yuga of science and the yuga of technology.

Behind the technical gadgets to which our lives have become so used to that we hardly notice the difficulties which we would have faced otherwise, lies the mind of researchers and engineers.

To give pace to the young talents in the race of technology, the Gateway Education took a step forward 7 years ago, in the form of Gateway Institute of Engineering & Technology (GIET), thus opening the doors of quality technical education in Sonipat. GIET is a community of students and staff dedicated to bring out the best in all its members. The aim is to provide finest possible environment for teaching, learning and research. We believe in multi dimensional growth of the students by giving them positive platform and environment to explore themselves.

### **Faculty**

The GIET believes in quality education. It is not only the experience which is preferred for the faculty selection but also the intellectual parameters are kept in mind. Therefore, the faculty of GIET is a composition of fresh as well as experienced talents.

### Salient Features

- Best upcoming college in NCR (Delhi) awarded by Honorable Union Minister, Mr. Kapil Sibbal for 2014.
- Our foundation corner stones are Integrity, Authenticity, Security/ Purity, Research ambience & Teaching support.
- Highly Qualified, Experienced & Talented faculties.
- The campus is sprawling in 30 acres of lush green, salubrious pollution free surroundings.
- The classrooms are air conditioned & equipped with good furniture in sufficient numbers according to intake.
- State of art Workshop and Laboratories.
- Modern Laboratories like CNC Lab, PCB Lab and Language Lab.
- Air-conditioned & Non Air-conditioned Hostel accommodation for both Boys and Girls along with internet connectivity.

## G.I.S. Highlights

### Laboratories

There are separate Science Laboratories for Physics, Chemistry and Biology, fully equipped and spacious so as enable students to work in groups or individually.

### Computer Laboratory

The computer Laboratory is well furnished and equipped with more than 30 networked PCS. Students make extensive use of this provision for their projects, online tests, gathering information from the internet and more. The website of the School gives the parents and other interested members a clean picture of GIS and its updates.

### Mathematics Laboratory

The concept of the Mathematics Laboratory is yet another of our eort in making learning more enjoyable and effective. It is an activity based pedagogy in the teaching of Mathematics at the Primary and Middle level, promoting inquiry and exploratory learning under the able guidance of a trained teacher.

### Language Laboratory

The School has made one of its best investment in the well designed and equipped language laboratory to promote and entrance the learning of English. The present Global scenario demands a student to be well conversant and confident in the most sort after global language and GIS takes great care to give this language its' due importance

### Library

The massive, modern library has a large collection of books covering all subjects and fields, catering to all the levels of the students and staff. It has a good collection of audio and video CDs as well. The library is continuously replenished with the latest books of interest. Students are encouraged to cultivate good reading habits and use the library as an important center of learning.

### Other Prominent Features

Continuous Comprehensive Evaluation

Continuous Comprehensive Evaluation, as the name implies, is a development process of assessment which emphasizes on two fold objectives, continuity and evaluation on one hand and assessment of board ranges on the other. The school diligently follows the CCE

procedure designed by CBSE to promote a stress free learning atmosphere for the students up to the secondary classes

### Counseling

An experienced and qualified school counselor attends to the specific needs of the students. Teachers are given proper guidelines to handle the students facing problem in the area of learning. Parents too are counseled as per the need. Special care is taken to protect the self esteem of the students so as to help them grow up with joy and confidence.

### Co-curricular Activities

A holistic and multidimensional growth is recognized, appreciated, promoted and evaluated to complement the child centric educational program of the school.

### Art and Craft Room

The Art & Craft room of the school is a hub of the creative pursuits of the students. This huge, colorful well furnished area promises to bring out the best in each student.

### Dance Room

The Dance room with its mirrored walls and vibrating sound system sets every foot tapping and every heart throbbing to join the rhythm. A qualified teacher maximizes its usage and ensures participation by maximum students.

### Music Room

The Music room has a huge collection of various Indians and western musical instruments supplemented by a well qualifies teacher to ignite the interest for music among the young performers.

### Camps and Excursions

On Campus Adventure camps, Educational Trips, Fields Trips and Excursion form an essential part of the curriculum. Students are encouraged to participate in each of these programmes and enhance their self confidence.

### International Tours

The School arranges for International Educational Trips for students every year to give them a feel of an International Exposure And Global Citizenship.

## The Sports Arena

### The Sports' Facilities Provided are :
