The Campus

Gateway Institute of
Engineering & Technology

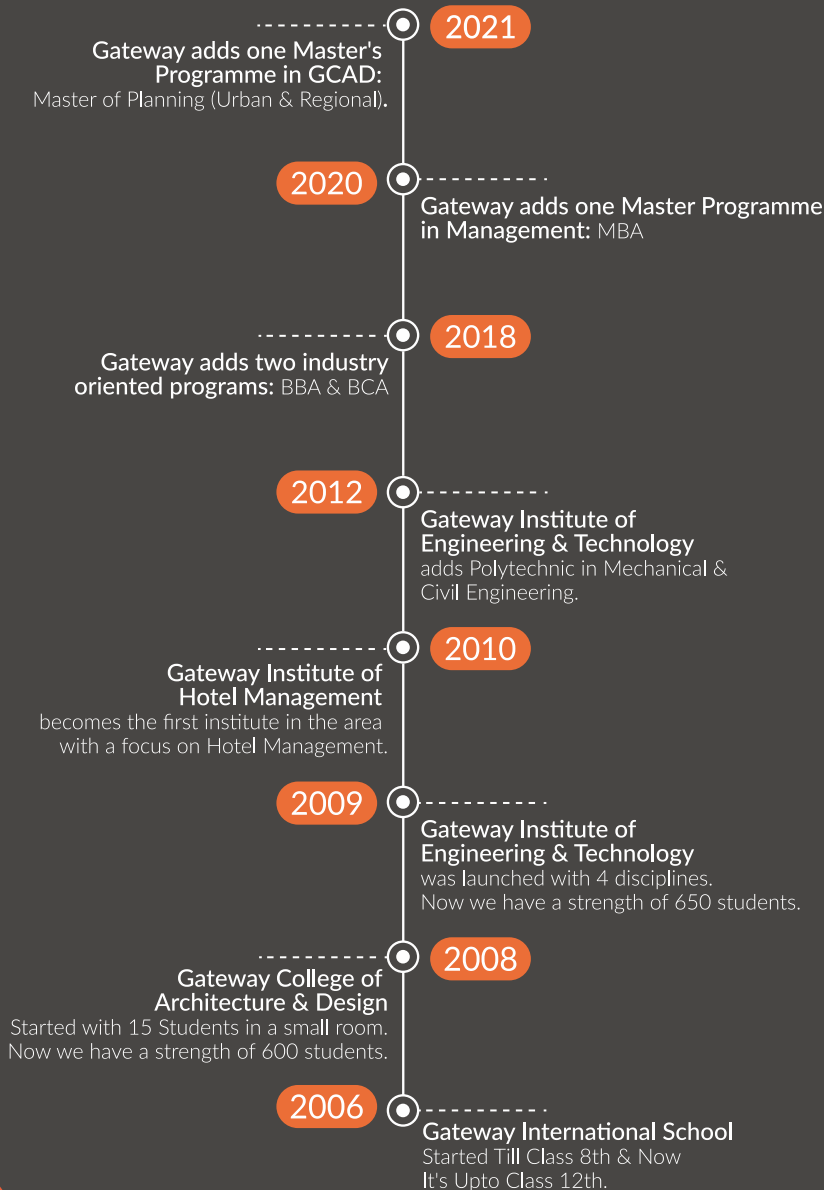

Gateway Education offers a learning environment that is as close to the real world as it gets. The learning goes beyond the classroom and students experience the reality of the working environment from the day one and the experience is clear from the out set. In order to do so, we exploit the synergies between the professional and academic approaches and there by ensure exceptional professional opportunities for our students.

When you enter our boundaries, you will hear various different languages being spoken. The young men & women who make up the students body are different yet every one feels at home.

We welcome passionate people and groom them to become successful professionals.

Gateway's History

Why Choose Gateway?

At Gateway, you will do much more than study business and earn an undergraduate degree. You will learn to see the world differently. By bringing together people, cultures, and innovative ideas from around the world, Gateway is dedicated to providing you with a transformative educational experience.

Ideal campus locations

You will be in the middle of the educational hub, industries and some yummy paranthas. At Gateway, the location would be ideal for you to learn and prosper.

Real-world practice

Case studies, simulations, debates, and case challenges with real business clients give you the opportunity to practice theory in the real world.

Acceleration opportunities

You'll have access to unique opportunities to accelerate your degree by doing various executive programs. Not only will you save time and money, you'll also start your career more quickly.

Inspiring faculty

Our faculty hail from various states around the nation and include CEOs as well as PhDs. They are passionate about their fields, their teaching, and their students.

Unparalleled diversity

Home to students, coming from different states and speaking various languages, Gateway program offers unparalleled diversity.

Personalized attention

With student to faculty ratio of 20:1, and an open-door culture, you'll become part of a supportive community.

Career development

Get ready to prepare for an exciting career, starting on day one. Gateway graduates are thriving at companies like Google, Tech Mahindra, Oberoi's, Hafeez Contractor, and Le Meridian.

Diversified skills

Develop specialized career capabilities when you pursue a Graduate Diploma in Computer Science or Design, or further your studies with a Combined Bachelor & Master degree.

■ Bachelor of Architecture (B.Arch)

UG Degree | Full Time | Duration- 5 years

Started in 2008, Gateway College of Architecture and Design was themed to be a technical gurukul. A gurukul where the student-teacher connection and bond is a given, following the Indian age-old tradition. This was done with the belief that the learning of architecture needs a conducive environment where intense discussions on the various facets of architecture are happening constantly.

Scope

After the course, B.ARCH job profiles are Landscape Architect, Conservationist, Urban Planner (Government Job), BIM Manager, Sustainability Architect, Construction Manager, Automotive Designer, Industrial Designer, Product Designer, Professor, Interior Designer, Furniture Designer etc.

CAREER AFTER ARCHITECTURE
