

BRIEF PROFILE OF DR. VISHAL JAIN

Dr. Vishal Jain is a distinguished academic leader, researcher, educator, and administrator with over 25 years of experience in higher education. Recognized for his visionary leadership, academic excellence, and institution-building capabilities, he has made significant contributions to engineering education through teaching, research, academic governance, strategic planning, and quality assurance.

Prior to his current assignment, Dr. Jain served as Principal of B.M. Institute of Engineering & Technology (BMIET), Sonapat, where he provided strategic leadership in academic administration, regulatory compliance, accreditation, institutional development, faculty empowerment, student success initiatives, and stakeholder engagement. During his illustrious career, he has also held several senior leadership positions, including Professor and Dean Academics and Head Training & Placements, successfully leading initiatives that strengthened academic quality, research culture, innovation, and organizational effectiveness.

He holds a Ph.D. in Electrical Engineering, an M.Tech. with Honors in Electrical Engineering (Control System), a PGDBA in Operations Management, and a Bachelor's degree in Electronics & Power Engineering. His multidisciplinary academic background, coupled with extensive administrative experience, enables him to effectively bridge academics, technology, management, and institutional governance.

A passionate researcher and innovator, Dr. Jain has authored and co-authored numerous research papers published in reputed national and international journals and conferences, including several Scopus-indexed publications. His research interests include Artificial Intelligence, Genetic Algorithms, Fuzzy Logic, Internet of Things (IoT), Control Systems, Smart Energy Systems, and Intelligent Optimization Techniques.

An active contributor to the global research ecosystem, Dr. Jain has successfully organized and led several IEEE and international conferences in various capacities, including Program Chair, Technical Chair, Conference Coordinator, and Organizing Committee Member. He has chaired technical sessions at numerous national and international conferences and has been instrumental in fostering research collaborations, knowledge exchange, and innovation-driven academic discourse among researchers, academicians, and industry professionals.

Dr. Jain has received multiple Best Research Paper Awards at international conferences in recognition of his scholarly contributions. In acknowledgment of his exceptional academic leadership and institutional impact, he was conferred the prestigious *"Dean of the Year for Academic Achievement Award – 2025"* at the Higher Education Innovation & Technology Summit, New Delhi.

A respected academic strategist, mentor, and speaker, Dr. Jain regularly contributes to faculty development programs, research initiatives, policy discussions, and educational forums. He

strongly advocates innovation-driven learning, industry-academia collaboration, ethical leadership, and outcome-based education.

Driven by the belief that education is a transformative force for societal progress, Dr. Jain remains committed to nurturing future-ready professionals through excellence in teaching, research, innovation, and holistic development. His vision is centered on creating vibrant learning ecosystems that empower students to become competent professionals, responsible citizens, and lifelong learners capable of making meaningful contributions to society and the nation.
