

JANUARY STORIES 2026

Namaste.

January arrives with a quiet resolve—a month of clean slates and steady breaths. The air is crisp and honest, mornings opening in pale light that feels new and unburdened. The world moves a little slower, as if giving us time to listen inward and set gentle intentions. Days may be cold, but they carry clarity; nights are calm, inviting rest and renewal. January teaches us simplicity and courage—the strength of beginnings, the beauty of small steps, and the promise held in empty pages. In its stillness, there is purpose—softly forming, ready to grow with the lengthening days.

Placement Drive with Trigya Innovations

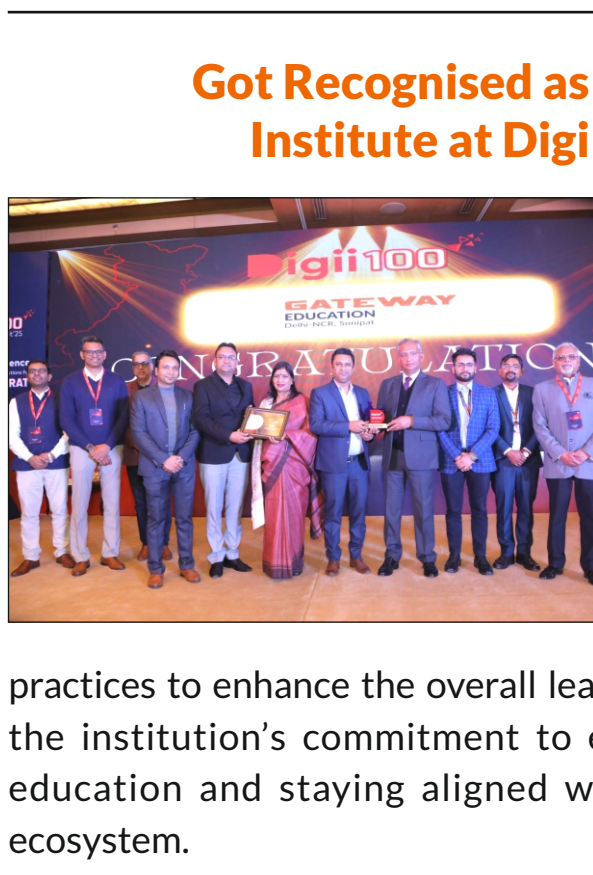

A placement drive was conducted by the Placement Cell of Gateway Education. The HR team from Trigya Innovations, Kharkhada, visited the campus to conduct assessments and interviews for students in the MCA, MBA, B.Tech, BBA and BCA programs. The selection process consisted of four rounds, designed to assess the students' capabilities and skills across various domains. Based on their performance, more than 10 students were shortlisted for further rounds of selection. The HR representatives expressed their satisfaction with the overall performance of the students and assured continued engagement with Gateway Education by conducting future campus drives for placements and student guidance.
