

Key Benefits of AIC IIT to Gateway Education

1. Skill Development & Startup Exposure

- Students of Gateway will get opportunities related to **startups, entrepreneurship, and innovation activities**.
- Exposure to real startup ecosystems and practical learning.

2. Internships and Projects

- Gateway students can get **internship opportunities, design projects, classroom projects, and semester-long projects**.
- Opportunities may be available for **B.Tech and Graduation students** and even beyond placements.

3. Workshops and Training

- **Complementary workshops** on IPR, technology commercialization, and related topics at AIC IIT Delhi facilities.

4. Incubation and Startup Support

- Support for **students or ideas to be incubated**, depending on feasibility.
- Guidance and mentoring for startup development.

5. Joint Programs and Competitions

- Participation in **hackathons, competitions, and joint learning programs** to promote innovation and entrepreneurship.

6. Knowledge Exchange

- Learning and sharing **best practices in innovation, startups, and entrepreneurship**.
- Access to expertise and experience from AIC IIT Delhi.

7. Entrepreneurship Development Programs

- Joint **Entrepreneurship Development Programs (EDPs)** and collaboration with other institutions.

8. Startup & Social Impact Campaigns

- Opportunities for students to engage as **startup entrepreneurs, change agents, and social responsibility projects**.

9. Use of Infrastructure and Support Systems

- Possible access to **co-working, incubation facilities, mentoring, and training support.**

10. Institutional Collaboration & Recognition

- Gateway Education becomes part of a **recognized innovation ecosystem linked with IIT Delhi Technology Park**, enhancing credibility and exposure.
