# Bachelor of Architecture (B.Arch)

**GATEWAY**

COLLEGE OF ARCHITECTURE & DESIGN

Delhi-NCR, Sonipat

## UG Degree | Full Time | Duration - 5 years

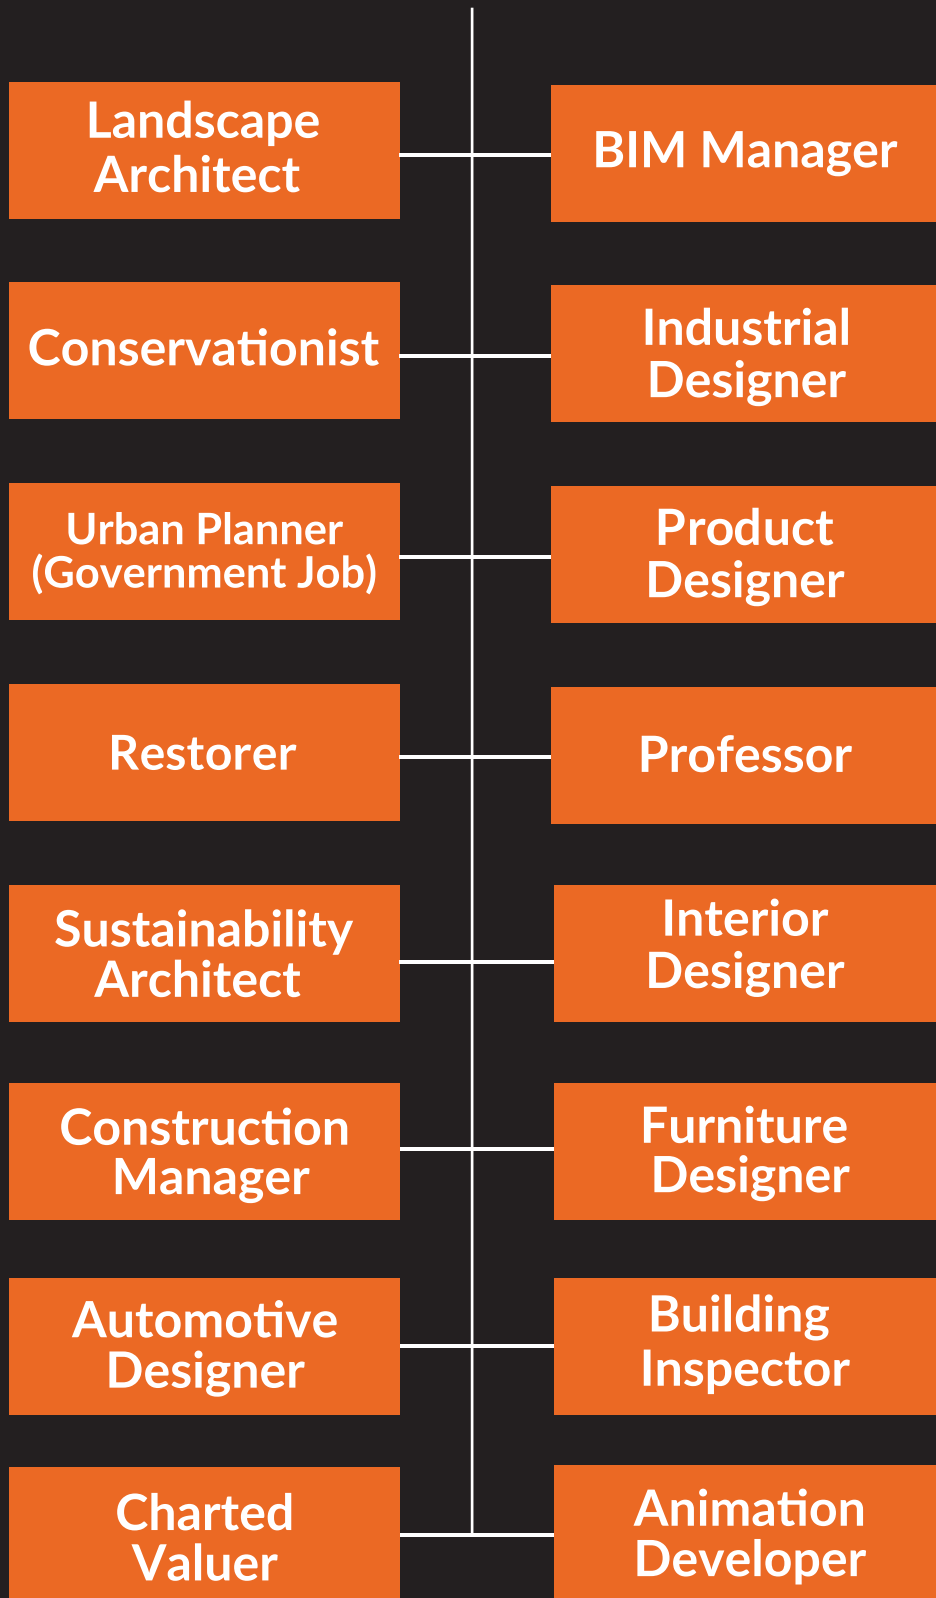

The program is a professional undergraduate degree designed to equip students with the skills and knowledge necessary for a successful career in architecture. This comprehensive program integrates artistic creativity, technical expertise, and professional principles to provide a well-rounded education that prepares students for the dynamic and rewarding field of architecture. Established in 2008, Gateway College of Architecture and Design was founded with the vision of being a technical gurukul. The institution emphasizes a strong student-teacher relationship, rooted in the traditional Indian gurukul system, fostering a close-knit academic environment that supports both personal and professional growth.

## Scope

Upon completing the B.Arch program, graduates can explore a wide range of career opportunities in the field of architecture and design. Some of the key job profiles includes Landscape Architect, Conservationist, Urban Planner, BIM Manager, Sustainability Architect, Construction Manager, Automotive Designer, Industrial Designer, Product Designer, Professor, Interior Designer & Furniture Designer.

## CAREER AFTER B.ARCH

## UG Degree | Full Time | Duration - 4 years

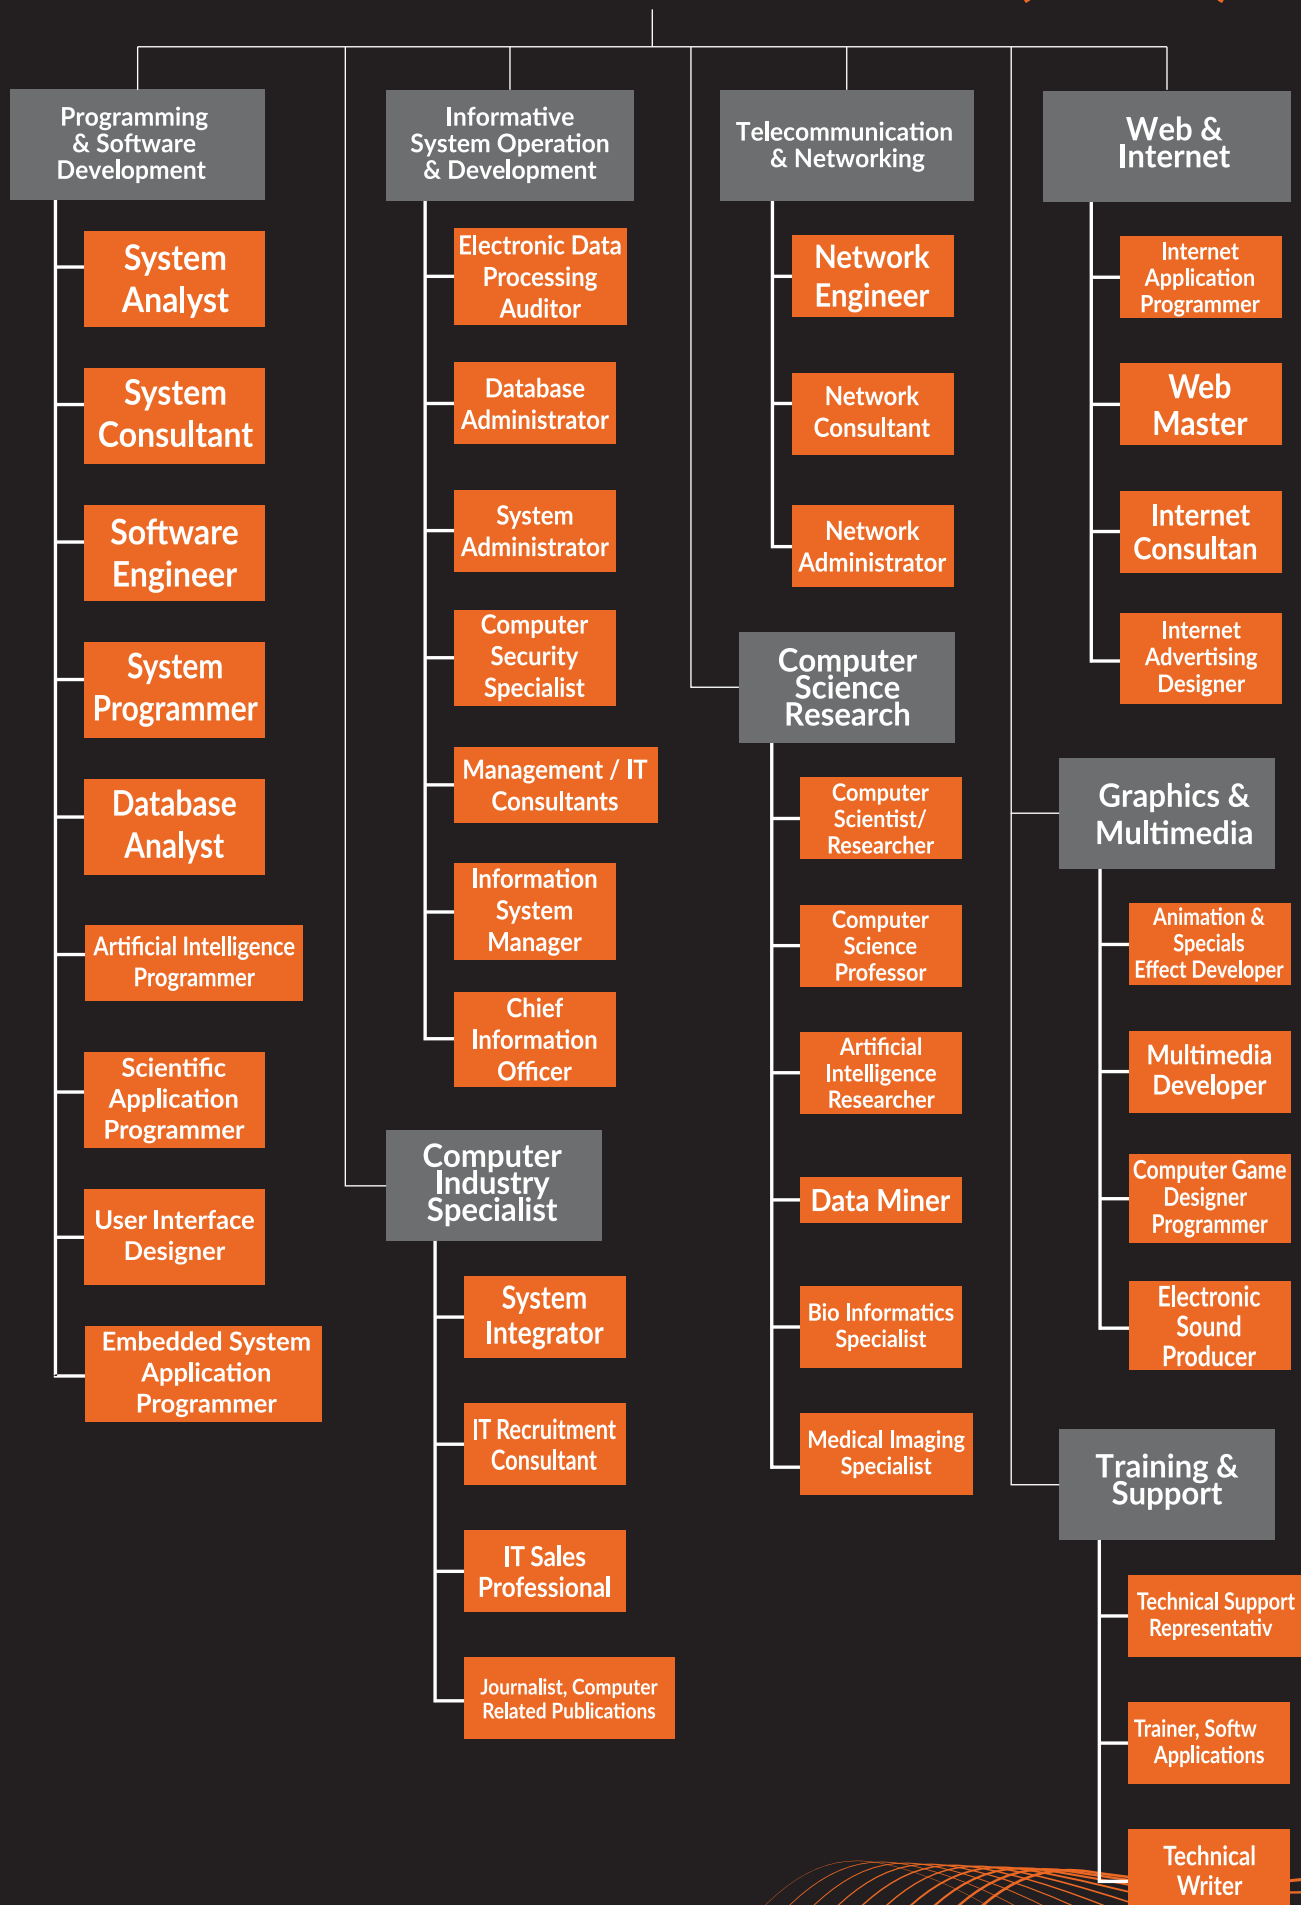

B.Tech in Computer Science and Engineering (CSE) and B.Tech in Computer Science and Engineering with specialization in Artificial Intelligence and Machine Learning (AI & ML) are designed to provide comprehensive knowledge in both computer hardware and software. The curriculum covers fundamental topics such as computer programming, networking, and operating systems, along with advanced subjects like Artificial Intelligence and its applications, Machine Learning, Data Science, and Application Development. Students will gain expertise in programming languages, the implementation of software systems, data analytics, and the development of intelligent systems.

## Scope

Upon completion of such programs, graduates can pursue a wide array of career opportunities across various sectors in technology. Some of the key job profiles includes Data Analyst, Software Developer, Game Developer, Networking Engineer, Testing Engineer, System Analyst, Technical Support Engineer, IT Technical Content Developer. Some of the top Recruiting Companies are TCS, Infosys, Hexaware, Syntel, Wipro, Cognizant, Accenture, Capgemini, HCL Technologies etc.

# CAREER AFTER B.Tech CSE & B.Tech CSE (AI & ML)

# Bachelor in Computer Application (BCA)

## UG Degree | Full Time | Duration - 3 years

The BCA program curriculum focuses on computer science fundamentals, programming languages, software development, and IT systems. It covers subjects such as Data Structures, Database Management, Operating Systems, Networking, Web Development, and Software Engineering, equipping students with practical and theoretical knowledge for IT industry careers.

## Scope

The BCA program offers a wide scope in the IT industry, preparing graduates for roles in software development, web development, data analysis, system administration, and network management. Graduates can work with top companies like TCS, Infosys, Wipro, Accenture, Cognizant, and IBM, or join startups and tech firms. Additionally, they can pursue higher education like MCA, enhancing career prospects in software engineering, IT consulting, cybersecurity, and more.

# Master in Computer Application (MCA)

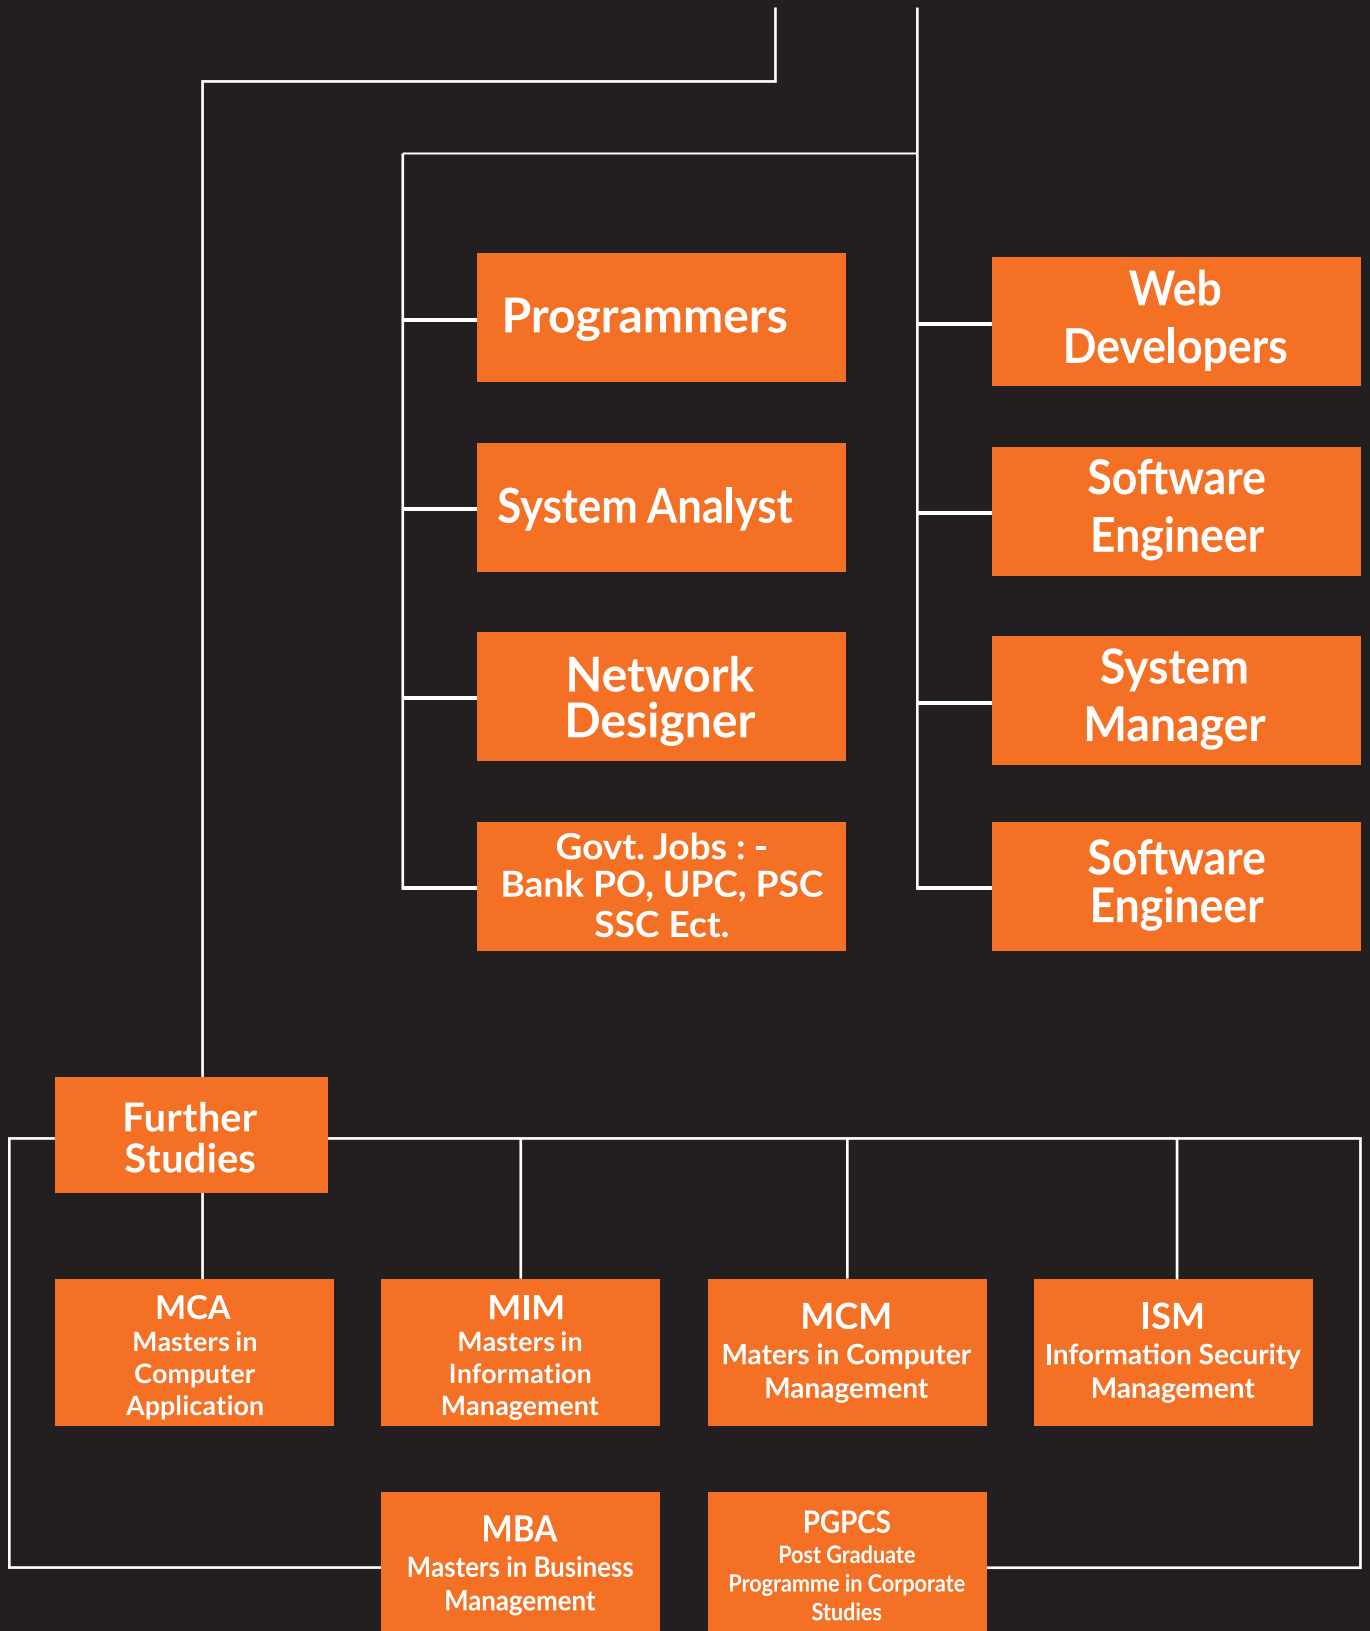

## **PG Degree | Full Time | Duration - 2 years**

The MCA program curriculum focuses on advanced computer science concepts, software engineering, and IT systems. It covers subjects like Data Structures, Algorithms, Database Management, Operating Systems, Web Development, Software Testing, Artificial Intelligence, and Machine Learning, equipping students with technical and analytical skills for the IT industry.

## **Scope**

The MCA program offers extensive career opportunities in software development, IT consulting, system analysis, and data science. Graduates can work with leading companies like TCS, Infosys, Accenture, Cognizant, IBM, and Wipro, or pursue roles in startups and tech firms. Additionally, MCA graduates can explore fields like AI, machine learning, cybersecurity, and blockchain, while also pursuing higher education or research for advanced career prospects in the rapidly evolving technology sector.

# CAREER AFTER BCA & MCA

# Bachelor of Business Administration (BBA)

## UG Degree | Full Time | Duration- 3 years

BBA program provides a fundamental education in business and management principles. Students become aware about the business environment & learn the modern tools and techniques of business management through classroom Lectures, Assignments, Project & Presentation, Case Studies, Industrial Visits, Special Workshops, Seminars etc. BBA program offers practical management training that can prepare students to successfully work within a large or small organization.

## SCOPE

The BBA program offers diverse career opportunities in management, marketing, finance, human resources, and entrepreneurship. Graduates can work with top companies like Deloitte, PwC, HDFC Bank, Accenture, KPMG, and Amazon, or pursue roles in startups and multinational corporations. BBA graduates can also pursue higher studies like MBA or enter managerial positions in various sectors, enhancing their prospects in business, leadership, and strategic management.

## Master of Business Administration (MBA) Post Graduation Diploma in Management (PGDM)

### **PG Degree | Full Time | Duration- 2 years**

MBA is a post-graduate degree that focuses on business management. Accounting, applied statistics, human resources, business communication, business ethics, business law, strategic management, business strategy, finance, managerial economics, management, entrepreneurship, marketing, supply-chain management, and operations management are all covered in an MBA program's core courses in a way that is most relevant to management analysis and strategy. This program provides a student with a broad-based and strong business foundation in preparation for a successful career in the global business world.

### **PG Diploma | Full Time | Duration- 2 years.**

The PGDM program, conducted by the All India Management Association (AIMA) and approved by AICTE, offers a comprehensive curriculum focusing on management principles, leadership, marketing, finance, operations, and human resources. It includes case studies, industry exposure, internships, and skill development, preparing students for leadership roles in diverse business sectors.

### **Scope**

Both the programs offers extensive career opportunities in management, finance, marketing, consulting, and entrepreneurship. Graduates can work with top companies like McKinsey, BCG, Deloitte, Goldman Sachs, Accenture, and Amazon. MBA holders can pursue leadership roles such as business managers, consultants, or executives in various industries.

# CAREER AFTER BBA/MBA

# Bachelor of Pharmacy (B.Pharm.)

## B. Pharmacy | UG Degree | Full Time | Duration - 4 years

B. Pharmacy is a four-year program in which students learn about drug preparation and dispensing methods, depending upon the course work and practical sessions. The program also involves in-depth laboratory work for students to acquire knowledge skills in the operational areas of research and development, production, quality control, quality assurance, and sales. The key subjects covered in a B.Pharmacy program typically include Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, Pharmaceutical Microbiology, Pharmaceutical Analysis, Biochemistry and Clinical Pathology, Pharmacotherapy, Hospital Pharmacy, Regulatory Affairs, Pharmaceutical Technology and many more.

These subjects provide students with a comprehensive understanding of the pharmaceutical sciences and prepare them for various roles in the pharmaceutical industry, research institutions, hospitals, and regulatory agencies.

### Scope

The B.Pharmacy program offers diverse career opportunities in pharmaceuticals, healthcare, drug research, and regulatory affairs. Graduates can work with leading companies like Pfizer, Cipla, Sun Pharma, Dr. Reddy's Laboratories, and Lupin, or pursue roles in hospitals, pharmacies, and healthcare organizations. They can also explore careers in drug formulation, clinical research, sales, and marketing, contributing to advancements in healthcare, public health, and pharmaceutical development. Further studies like M.Pharmacy can also enhance career prospects.
